

## Christopher Masters, CPA

### Professional Experience

Chris Masters is the Houston Managing Shareholder at Doeren Mayhew. More than 20 years of experience in public accounting drives his ability to assist clients with their financial reporting, risk-based assurance and business advisory needs.

In addition to his management role, Chris has guided clients through the merger and acquisition process, provided financial due diligence for projects and assisted corporations through complex restructurings.

Throughout his career, Chris has gained extensive knowledge in assisting manufacturers, general and specialty construction contractors, oilfield and energy service companies, auto dealerships, professional service corporations and private equity groups.
