

## Brandon M. Wilson, CPA

### Professional Experience

Brandon Wilson is a Shareholder in the firm's Financial Institutions Group with nearly 11 years of industry experience.

Brandon's duties focus around managing staff, engagements and client relationships. He efficiently leads the completion of various engagements and team members to ensure compliance with accounting principles, auditing standards and firm policies. Additionally, he assists credit unions with merger due diligence projects, identifying internal control risks and weaknesses, and assessing financial institution operations. Through his oversight, Brandon provides insight and assistance in finding solutions to various issues that may arise.

To ensure he stays up-to-date on changes within the industry, Brandon participates in practice development by attending conferences and presenting on upcoming industry changes that arise.

As a member of the Michigan Association of Certified Public Accountants Financial Institution Task Force, he collaborates with regulators and other practitioners to plan conference events focused on providing valuable insight into industry, regulatory and accounting matters.

Prior to joining the firm, Brandon gained first-hand industry knowledge and experience working in the accounting department of a credit union. During his tenure at the credit union, he had a comprehensive set of responsibilities, including internal financial statement preparation, reconciliation of accounts, accounts payable/receivable functions and more.
